

A HERO'S PLEDGE

I understand that COVID-19 is a serious threat to the lives of my family, my friends, and the coworkers and residents of our senior living community. I know that it is my personal responsibility to take all the steps necessary to protect myself from exposure to COVID-19 at home, in public, and within the community 24 hours a day and seven days a week.

Thus, I pledge to protect my coworkers and my residents by vigilantly upholding infection control measures at ALL times in ALL places and will proactively coach my family, friends, and coworkers to do the same.
